QUALITY PRODUCTS FOR ANIMALS

Jupiter Agro-Biotech offers Established in 2002, Jupiter Agro-Biotech offers products for livestock farms (swine, poultry, cattle). Unique, quality, innovative products that stand out from competition.

Since 2008, the company has expanded its product line for the poultry industry. It sells probiotics that can be incorporated into birds' drinking water or feed. Another featured product is biodegradable chickpaper. Nestlings are attracted by this paper, which is placed near water and food sources to accelerate the water and food intake.

The company continues to serve the swine industry, offering a wide range of high quality, innovative products for artificial insemination.

Jupiter Agro-Biotech Inc. sells its products throughout Canada and the United States. It is constantly on the lookout for new, innovative, superior quality products that meet the needs of different livestock industries.

Feed Additives and Supplements

Code	Item	Packaging	Skid	Unit
AA4030	Avi-SAB	25 kg	40	Unit
AA4000	BOVIC A 15 g	25/Box	NA	Box
AA4020	Entericoal 250 g	20/Box	NA	Unit
AA4035	INTERBAC 50 g	10/Box	NA	Box
AA4009	Egg powder	250 g	NA	Bag

Avi-SAB

CFIA-approved Probiotic

Viable microbial product for broilers to maintain weight gain and feed conversion efficiency when fed as directed.

AA4030

Egg powder

Protein supplement to be used as directed by your veterinarian 250 g.

AA4009

INTERBAC

Viable microbial product for broiler chickens.

INTERBAC B is a dehydrated live culture of Bacillus, Lactobacillus and Enterococcus. Improves weight gain in broiler chickens when fed as directed.

AA4035

Feed Additives and Supplements

BOVIC A

CFIA-Approved as a Vitamin A supplement for young dairy calves and beef cattle. Easy to use: easier than powder that has to be mixed with water.

AA4000

Entericoal

Wood charcoal available as powder to be diluted (250 g).

AA4020

Artificial Insemination

Catheter

Code	Item	Packaging	Skid	Unit
IA3100	Artificial Insemination belt	Unit	NA	Unit
IA3604	Sani-Porc Wipes	900 Wipes/pail	NA	pail
IA5035	Espuma Plus Catheter	250/ Box		Unit
IA5036	Magaplus S Catheter	5/ pack		Unit
IA5037	Magapor Foam Catheter without handle	5/ pack		Unit
IA5038	Magapor Foam Catheter with handle	5/ pack		Unit
IA3621	Prefer Catheter 305	400/Box		Unit
IA5002	Kobi spiral Catheter	100/Box		Unit
IA5003	Unic spiral Catheter	500/Box		Unit
IA5004	Kobi soft Catheter	500/Box		Unit
IA5005	Unic soft Catheter	500/Box		Unit
IA5006	Kobiconnect Connector	1 000/Box		Unit
IA5016	Yellow Foam Catheter with adaptor	500/Box		Unit

Artificial Insemination belt

Convenient belt made of a easy-to-wash and to clean material. Also equipped with pockets for tubes, Catheters and other instruments.

IA3100

The MULTIDOSES system

An insemination KIT consisting of a bag containing a semen reserve which is connected to an insemination catheter via a dosing gun.

- IA5017 Bag
- IA5018 Bellow
- IA5019 Semen pouch (aluminum)
- IA5040 Clamp
- IA5043 New handle

Artificial Insemination

Sani-Porc Wipes

Single use sanitizing wipes for vulva cleaning

Hygiene during artificial insemination (IA) is crucial to the outcome of fertility and fecundity of a pig. For best results it is necessary to clean the vulva of each sow a few minutes before AI. Easy to use Sani-porc Wipes leave a vulva clean and dry before insemination (900 wipes / pail).

Espuma Plus

Foam catheter compatible with most packaging formats on the market.

Magaplus S Catheter

Catheter for post-cervical insemination. The unique tip design ensures the probe slides smoothly and safely through the cervix.

Magapor Foam Catheter without handle

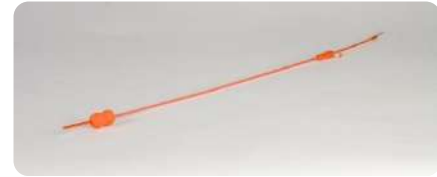

It can be used as a guide catheter in post-cervical insemination techniques.

Magapor Foam Catheter with handle

A rear adapter with a cap to prevent backflow. Compatible with most packaging formats on the market.

IA3604

IA5035

IA5036

IA5037

IA5038

Prefer® Catheter 305

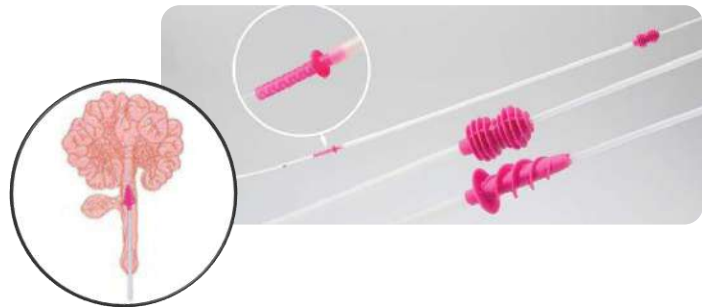

Very good conservation of the semen. Very good grip of the catheter in the genitals. The catheter doesn't fall after the setting up, even with 100ml volume. Easy setting up even into a gilt. More than 80% time saving, Permanent visibility of semen allows to know the emptying time after setting up. Easier opinion of the insemination action.

IA3600

UNIC Spirale & Soft Catheter

Optimization use of spermatozoa semen as dropped in the cervix as close to the place of implantation.

KobiSoft

Highly flexible Catheter: gilts and sows

- Very easy to introduce : no lubrication required
- Highly flexible tip limiting injuries when introduced
- Several collars to reduce the backflow of semen
- Doesn't absorb liquids
- Ideal for both gilts and sows
- Individually wrapped for a perfect hygiene

IA5003 – IA5005

IA5002

IA5004

Artificial Insemination

Kobiconnect Connector

- Extension tube for classic catheter
- Certified nonspermicidal
- Individually wrapped
- Easy and fast connect

IA5006

Yellow Foam Catheter with adaptor

- Disposable Catheter with adaptor

IA5016

Extender

Code	Item	Packaging	Unit
IA5030	Duragen 100 L	3/ Box	Unit
IA5032	Duragen 1 L	25/ Box	Unit
IA5033	Duragen 5 L	20/ Box	Unit
IA5034	DICOL 1 L	20/ Box	Unit
IA5044	Vitasem-LD Extender 100 L	3/ Box	Unit
IA5045	Vitasem-LD Extender 1 L	25/ Box	Unit
IA5046	Vitasem-LD Extender 5 L	20/ Box	Unit
IA5052	Spermax 100 L	3/ Boîte	unit
IA5051	Spermax 1 L	25/ Box	box

KobiDil +

A quality product that preserves the fundamental biological functions: - contributes to maintaining the osmotic balance of the semen - Limits the development of bacteria - Meets the energy needs of the spermatozoon - Guarantees the pH stability of the environment

IA5014

Duragen

High performance extender designed to minimize natural damage produced during the conservation of semen doses. Available in 1, 5 and 100 litre format.

IA5030 - IA5032 - IA5033

DICOL

A collection extender specifically indicated to quickly hygienize ejaculates and control bacterial contamination before final dilution with its usual extenders.

IA5034

Vitasem-LD Extender

Long-term boar semen extender. Available in 1, 5 and 100 litre format.

IA5044 - IA5045 - IA5046

Spermax

Long-term boar semen extender. Available in 1, 5 and 100 litre format.

IA5051 - IA5052 - IA5054

Farm Supply

Code	Item	Packaging	Skid	Unit
AU2500	Chickpaper (26" x 220 m)	2 rolls/Box	36 Boxes	Box
AU2510	Chickpaper (40" x 250 m)	1 roll	72 rolls	Roll
AU2526	GoodStart Chick Paper white regular (1.2 x 61 m)	4 rolls / pack		Pack
AU2521	Sani-porc Mat 40 cm X 51 cm	100 Sheets/ pack		Pack
IV3000	Unimark spray Red 400 ml	12/Box	126 Boxes	Unit
IV3010	Unimark spray Green 400 ml	12/Box	126 Boxes	Unit
IV3020	Unimark spray Blue 400 ml	12/Box	126 Boxes	Unit

Chickpaper

For a better start for day-old chicks

- Guides day-old chicks directly to water and feed
- Hygienically packaged in plastic
- Promotes early feed and water intake
- Lowers first week mortality
- Higher average weight after 10 days

AU2500

GoodStart Chick Paper

AU2523

For a better start for day-old chicks

- attracts day-old chicks immediately
- accelerates water and feed intake
- breaks down in four to five days
- makes chicks more vigorous and active for better growth
- lower mortality during the first week
- results in better bird uniformity

Sani-porc Mat

Farrowing mat for sows, single use and biodegradable. Improves health and well-being of the farrowing sow and piglets. Improves hygiene in the farrowing cage and helps to save money.

AU2521

Unimark

The most practical, effective and economic marker!

- Frost-proof (-35°C)
- Longer spray
- No noxious gas emissions
- Can be used on all species
- The mark on the animal will last longer
- The can empties completely (Homogeneous paint)

IV3000- IV3010- IV3020

Hygiene Products

Code	Item	Packaging	Skid	Unit
PH1005	AniDry	25 KG	40	Unit
PH3010	Hydrocare 10 litres	10 litres	80 x 10 litres	Unit

PH1005

AniDry

Hygiene Products for all animal housing.

Hydrocare

30% hydrogen peroxide - 10 litres

The most effective drinking system cleanser

- Powerful and effective cleanser
- Eliminates organic contamination and manganese deposits
- Suitable for use in all drinking systems
- Safe for humans and animals
- Won't damage equipment

PH3010

Sanitary Clothing

Code	Item	Packaging	Skid	Unit
